PERSONAL PROFILE

I recently received my Bachelor of Computer Science degree from Sunderland University. I recently finished an Advanced Diploma in Information Technology. I also finished a Higher Diploma in Infocomm Technology to improve my technological proficiency further. I worked as an IT Technician Volunteer at SSPD IT Services & Training for 6 months. I am excited to use my abilities and expertise to make a meaningful impact in a work environment.

WORK EXPERIENCE

IT Technician Volunteer

SSPD IT Services & Training

**Myanmar**
Sep 2023-Feb 2024

- Provided technical support and troubleshooting for hardware, software, and network-related issues, ensuring minimal downtime.
- Installed, configured, and maintained IT systems, including operating systems, applications, and security updates.
- Assisted end-users with system setup, password resets, and software installations, enhancing user productivity.
- Managed and maintained company databases, ensuring data integrity and security.
- Monitored network performance and resolved connectivity issues to maintain a stable IT environment.

UNIVERSITY PROJECTS

Online Shop Website   **April 2023-June 2023**

Created a functional internet store where customers can peruse, look up, and buy goods. To improve the shopping experience, the project concentrated on responsive layouts, secure transactions, and user-friendly design.

SOFTWARE SKILLS

- ➢ Microsoft Office
- ➢ HTML/CSS
- ➢ Javascript
- ➢ PHP
- ➢ Database (SQL)
- ➢ Oracle
- ➢ Python
- ➢ Figma
- ➢ Canva
- ➢ Poster Design

HOBBIES

- ❖ Travelling
- ❖ Sport
- ❖ Music
- ❖ Reading

LANGUAGES

- ✓ English (Intermediate)
- ✓ Burmese (Native)

GYM Website   Sep 2024-Nov 2024

Created a web-based system for managing gym memberships, scheduling classes, and interacting with users. To improve the customer experience, the project concentrated on automatic reservations, real-time updates, and an appealing user interface.

SUMMARY

I am a dedicated and hardworking computer science graduate with a passion for web development and its solutions. I have hands-on experience in developing e-commerce and gym management websites, focusing on user-friendly design and secure functionality. My skills include HTML, CSS, javascript, php, SQL, oracle, and Python, along with strong problem-solving and teamwork abilities. I am eager to apply my knowledge in a professional setting, continuously learning and improving to contribute effectively to any organization. I hereby declare that all the above information is true and valid to the best of my knowledge.
