➢ Teamwork
➢ Creativity

CERTIFICATES

o **EAP Level 3-Level 4**
  British University College,2022-2023
o **A+**
  SSPD IT Services & Training 2023-2024
o **Web Foundation**
  Code Wall Technologies, 2023-2024

PERSONAL PROFILE

I recently received my Bachelor of Computer Science degree from Sunderland University. I recently finished an Advanced Diploma in Information Technology. I also finished a Higher Diploma in Infocomm Technology to improve my technological proficiency further. I worked as an IT Technician at SSPD IT Services & Training for 6 months. I am excited to use my abilities and expertise to make a meaningful impact in a work environment.

WORK EXPERIENCE

IT Technician   **Myanmar**
SSPD IT Services & Training   **Sep 2023-Feb 2024**

- Provided technical support and troubleshooting for hardware, software, and network-related issues, ensuring minimal downtime.
- Installed, configured, and maintained IT systems, including operating systems, applications, and security updates.
- Assisted end-users with system setup, password resets, and software installations, enhancing user productivity.
- Monitored network performance and resolved connectivity issues to maintain a stable IT environment.

UNIVERSITY PROJECTS

Online Shop Website   **April 2023-June 2023**

- Built an e-commerce website using HTML, CSS, and PHP.
- Designed a responsive user interface with CSS, ensuring a seamless browsing experience across multiple devices.
- Implemented product listing pages with dynamic content rendering using PHP for efficient data management.
- Improved features like product display, shopping cart functionality, user login, and checkout.
- Focused on server-side scripting and form handling using PHP.

SOFTWARE SKILLS

- Advanced Excel
- HTML/CSS
- JAVASCRIPT
- PHP
- Database (SQL)
- Oracle
- Python
- Java
- Git, GitHub
- MongoDB
- Figma
- Canva
- Visual Studio Code
- Poster Design

HOBBIES

- Travelling
- Sport
- Music
- Reading

LANGUAGES

- English (Intermediate)
- Burmese (Native)

GYM Website   **Sep 2024-Nov 2024**

- Designed and developed a responsive gym website using HTML, CSS, and PHP.
- Included class schedules, trainer profiles, membership sign-up forms, and a contact page.
- Implemented a membership registration form with server-side validation using PHP for secure data processing.
- Designed a responsive layout to ensure optimal viewing across mobile, tablet, and desktop devices.
- Utilized PHP for form processing and basic server-side interaction.

Portfolio Website   **Personal Project**

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase academic and individual projects.
- Designed a visually appealing and responsive layout to ensure optimal display on mobile, tablet, and desktop devices.
- Utilized GitHub Pages for website deployment, ensuring easy access and version control.
- Enhanced user experience by incorporating animations and hover effects using CSS transitions.
- Embedded GitHub and LinkedIn links to provide easy access to social profiles and code repositories.

SUMMARY

I am a dedicated and hardworking computer science graduate with a passion for web development and its solutions. I have hands-on experience in developing e-commerce and gym management websites, focusing on user-friendly design and secure functionality. My skills include HTML, CSS, JavaScript, PHP, SQL, Oracle, and Python, along with strong problem-solving and teamwork abilities. I am eager to apply my knowledge in a professional setting, continuously learning and improving to contribute effectively to any organization. I hereby declare that all the above information is true and valid to the best of my knowledge.
